

LRC Minutes

6/29/26

Call to Order: 7:15

Attendance: Wayne, Charis, Jason, Devan, Brenda, John, Cody, Kimmy, Trina called in and Marlene was late.

Minutes: Charis read the minutes, Brenda moved to approve the minutes as read there was a second the motion passed.

Treasurers report: Our main account currently has \$47,608.79 and our royalty account has \$2665.02 as of 5/31/2026. From the rodeo our rough net total income was \$4,692.62. Cody moved to accept the treasurers report there was a second the motion passed.

Old Business:

Rodeo recap: the rodeo ran smoothly. Having the slack an hour earlier was a great idea and was able to give us a break between slack and the performance. The surge protector in the announcer's booth should be replaced for next year. We did like our announcer this year. He was good, calm and easy-going. He did worry when the surge protector got turned off during the grand entry. Kimmy moved to get ahold of Jeff Cambell now and see if he is available for our rodeo next year. There was a second the motion passed. We are tossing up if we should stay part of the circuit or not. For next year we need to remember to talk with the steer/ calf contractor about how fast the steers and calves are running so we know where to set the break on the barrier. Having the flags at the east end of the arena was a great idea. Charis moved to have Cody reach out to Matt Bitton to purchase rope barrier supplies and the club will reimburse him there was a second the motion passed. The fence around the office worked great. Maybe next year bring in some sand for behind the small bleachers for the little kids to play in. Search and Rescue raised \$401.00 while working the gates. Charis moved to donate \$1000.00 to search and rescue there was second the motion passed. We need to put banners on all gates for next year so that the bulls do not go to the wrong gate.

Disc update: Currently no updates. The disc needs to be welded. John said he would look

at it and see what needs to be welded.

Arena lights: Cody is going to call the light company again to see where the lights are at. We ordered them in April. Going on 13 weeks since they were ordered. Charis emailed at the beginning of the month and we have not heard from them.

The high school rodeo association used last year's rodeo ad for this year's rodeo ad in our donation.

New Business:

Arena maintenance: There are some steel pipes by the roping chutes that need to be cut off.

We need to pick up banners on the highway.

The port-o-potty next to the office needs to be cleaned out and try to have it cleaned out before the rodeo starts. And have an extra one for office use.

Wayne said he would bring three burn barrels to the arena.

Circuit Meeting will be July 20th.

Our next meeting with my July 21st at 7:00 pm

The meeting was adjourned at 8:52 pm
