Call to Order: 7:17 pm

Attendance: Jason, Devan, Charis, Brenda, Marlene, Oakley and Wayne.

Minutes: Marlene read the minutes Jason moved to approve there was second the motion passed.

Treasurers Report: Our main account has \$42,760.09 and our royalty account has \$2665.02. The rough net income from the rodeo is \$-1,137.38. We have one out standing check from the rodeo made out to JC Hicks (one of our judges). A check for \$2190.00 made out to Prosser Mobile Team for working on the tractor came out. Keele sanitation came out of the account also. Jason moved to approve the treasurer's report there was a second the motion passed.

Old Business:

Arena lights: Cody was able to make contact with them and all but 5 lights are made.

Announcer: Jeff Cambell will not be able to announce for our 2027 rodeo. He did refer Tel Tavegie from Riverton. Charis is going to reach out to Tel and see if he is available or is willing to send us a video or tape of him.

Charis moved to purchase 6-8 stand alone panels, with the understanding that we will get prices first and we can vote to purchase the panels via text there was a second the motion passed. Jason will obtain the quotes for panels.

Charis is going to reach out to Bazooka Lumber and see what they have for panels to hold our rodeo and auction signs up. 12 foot panels would be the best length. Charis will send out a text to have one of us pick them up from Bazooka.

For a bleacher canopy we will call Millers Fab and ask for an engineer to make specs for us, so when we want to/or need to build a canopy it has already been engineered. Wayne will reach out to Wayne Brost about the canopies.

We would like to build a rack for our construction cones to store them. Wayne said he would work on this.

Wayne Brost reached out to us for the town to see if we would work the arena twice a month starting in April through September (6 month period). We are going to reply that our charge will be \$200 every time we work the arena which will be twice a month as our schedule allows.
